KANGOO

The Renault Kangoo: Efficient, smart and versatile

The Renault Kangoo has been specifically designed to meet the needs of professionals, whatever their business environment. With panel van, crew van and fully electric versions, the Kangoo can be adapted to your every demand, offering a wide range of custom-built and practical solutions.

Staying connected

R-Link (Optional)

R-Link is an integrated 7" touchscreen multimedia system which includes: navigation with TomTom® maps as well as the ability to subscribe to TomTom® LIVE services (first 12 months included), DAB radio and vehicle information such as "Eco Driving Coach". In addition to its many built-in features there are also applications to download from the R-Link Store. You can control the system from the screen, steering wheel controls or even via voice command.

Main menu with 6 icons

Discover the six available menus: navigation, multimedia, telephone, vehicle information, services and applications, system settings.

Vehicle information

The "Eco Driving" coach gives you handy tips to improve your driving style and reduce your fuel consumption.

Multimedia*

DAB/FM/AM tuner, connect devices via USB, AUX sockets or Bluetooth®.

R&GO

R&GO is an application that turns your smartphone or tablet into a touchscreen for your dashboard! Two of the key features of the app are: 3D vehicle navigation provided by CoPilot®+ and a Eco driving score which includes fuel consumption information, trip computer and rev counter. The R&GO application is free to download for compatible Android and iOS smartphones.*

* For compatible devices, please refer to <https://www.renault.co.uk/services/multimedia/bluetooth-compatibility.html> †Additional purchase required

Efficient with space

For the Kangoo Van, Renault has developed clever solutions to increase practicality whilst improving safety. The multi-positional bulkhead cleverly lets you make the most of interior room, without compromising passenger safety. When you are carrying crew, it sits behind the rear seats. When you fold those down for extra cargo space, it automatically follows suit to protect passengers in the front cabin. Additionally we offer an optional swivelling bulkhead; the passenger seat folds giving a flat base and 0.6m³ of additional load space whilst still protecting the driver. Simple, ingenious, and typical of our attention to detail – giving you a versatile load capability and a safer working environment.

Efficient with fuel

The Kangoo engine benefits from the best in modern technology. It consists of the ENERGY dCi 75 hp, ENERGY dCi 90 hp and ENERGY dCi 110 hp engines, With Stop & Start technology and the new regenerative braking system (Energy Smart Management), Kangoo achieves fuel economy of up to 65.7mpg* helping you to minimise fuel costs.

F1 Technology

The variable geometry turbocharger allows for flexible driving and instant pick-up, even under load, all the while giving more power at high speeds. Derived from Formula 1®, the regenerative braking system helps charge the battery when decelerating, recovering energy that would otherwise be lost, while Eco mode button optimises throttle response for maximum fuel economy with MPG improved by up to 10%.

Euro 6

The Kangoo range is now Euro 6 compliant in line with the regulatory requirement for LCV Euro 6 compliance on 1 September 2016. The Euro 6 engine standard reduces NO_x (Nitrous Oxides) emissions by half compared to Euro 5.

Renault is proud that we have been able to reduce these emissions in our Kangoo Vans with the application of a NO_x trap located in the exhaust system, meaning you still receive the maximum efficiency from all our engines.

Your comfortable workspace

A comfortable workspace

Optimal visibility and ergonomic control creates a car-like driving position.

Every day comfort

The specially contoured height adjustable driver's seat, with added lateral support, coupled with the height/reach adjustable steering wheel offers greater comfort day in day out.

Central storage with armrest

Ensuring objects are conveniently located and safely transported. This armrest adds extra comfort to your workspace. (Standard on Business+)

Overhead parcel shelf

Spacious overhead storage ensuring large objects are close to hand. (Standard on Business+)

USB and AUX ports

Providing mobile charging for all your modern gadgets and ease of use for playing music through the infotainment system.

Bluetooth®* and DAB radio

Standard on every version.

* For compatible devices, please refer to <https://www.renault.co.uk/services/multimedia/bluetooth-compatibility.html>

For professionals that need to store tools and equipment, the Ready4Work system arrives at your dealer fitted so you can get straight to work. There is a choice of two specifications to suit your needs, the Basic Storage System and the Specialist Storage System.

Basic Storage System

This system has been designed to provide engineering tradesmen with an economical racking system suitable for the storage of a wide range of tools, components and accessories, with the option to add additional features.

Construction

- Two part anti-slip phenolic coated floor
- Load and crash tested extruded aluminium floor rails to give maximum strength
- 9 mm plywood base
- Brackets connect to the existing load lashing points
- Racking manufactured from high strength dual-Phase steel
- Left-hand rear unit: 1025mm (H) x 580mm (L) and 4 x Euro Bin
- Right-hand rear basket unit : 3 x 750mm (L) x 225mm (D) x 175mm (H) storage baskets

Not compatible with factory load area protection options e.g. plywood flooring.

Specialist Storage System

This system has been designed to suit the more specialised tradesman, requiring an improved system for the storage of tools and service equipment.

Construction

- This system is constructed from the same lightweight high strength material as the Basic Storage System.
- Left hand unit and tool panel assembly unit are as per Basic Storage System.
- Right-hand rear unit: 1025mm (H) x 355mm (D) x 830 mm (L) and includes the following above the Basic Storage System:
 - Telescopic drawer unit consisting of 1x355mm (w) x 355mm (d) x 75mm (h) drawer and 1x355mm (w) x 355mm (d)x 150mm (h) drawer
 - Adjacent to drawer unit is a 355mm (w) x 355mm (d) x 75mm (h) shelf

Not compatible with factory load area protection options e.g. plywood flooring.

PRICING	Fitted basic price		Total retail price*	
	Kangoo	Kangoo Maxi	Kangoo	Kangoo Maxi
Basic Storage System	£958.33	£1166.67	£1,150.00	£1,400.00
Specialist Storage System	£1208.33	£1333.33	£1,450.00	£1,600.00

* Manufacturer's Recommended Retail Price.

Versatile

As Europe's No. 1 Van Manufacturer, Renault offers a wide range of Kangoo variants to suit your specific needs.

Kangoo Van

Loading is made easy thanks to the low load threshold. With load volumes of up to 3.6m³ Kangoo Van you'll have all the space you need.

Kangoo Maxi Van

With load volumes of up to 4.6m³ you'll have even more space. Need to get tools and a team to site? The Maxi Crew Van has seating for 5 and can carry the tools you need for the job – safely and securely.

Kangoo Z.E. Van

Instant pulling power, silence and the simplicity of never having to change gear. Kangoo Z.E. is a pleasure to drive and is 100% electric.

Practical

Kangoo is packed with a range of clever and practical features making life in both the cabin and loading area easier while saving you money.

Eco mode

Push the Eco mode button and activate a specific throttle response map optimised for maximum fuel economy.

Anchorage points

Transport heavy objects securely and safely.

Dashboard storage compartment

Convenient storage area ensuring objects are close to hand.

Rear roof flap

The ingenious sliding roof flap allows the vertical storage of oversized objects. (optional)

Hill Start Assist

Makes hill start easy by holding the vehicle in place on an incline, giving you time to apply power so that you don't roll backwards.

Swivelling bulkhead

The passenger seat folds giving a flat base and 0.6m³ of additional load volume whilst ensuring the driver is fully protected. (optional)

100% electric: Kangoo Z.E.

Our 100% electric vans, Kangoo Z.E. and Kangoo Maxi Z.E. offer the same generous load capacity and options as the equivalent diesel but with ultra-low running costs and all the benefits of owning a Renault electric vehicle. Kangoo Van Z.E. is simply a pleasure to drive with silent yet instant pulling power. The benefits don't end there thanks to easy to charge solutions such as the wall box (for recharging from home) or charging stations at work or local public areas.

1. Charging port
2. Electric motor
3. Lithium Ion batteries

4 Reasons to go Z.E.

No compromises – same van with an all-electric drivetrain

1. Ultra-low running costs

From 2p per mile, full charge from less than £1.50*
Reduced service, maintenance and repair costs

2. Multiple financial incentives

£0 Road fund license
£0 Congestion charge
100% Write down allowance

3. Take Full Control

When you charge - with remote battery monitoring
Where you charge - with multiple public and private charging solutions

4. Reduce your carbon footprint:

Zero emissions** whilst driving

*Terms and conditions apply. From 2p a mile running cost based on (a) overnight electricity charges (British Gas Standard off-peak saver 3 rate with payment via Direct debit as at October 2016).

**No regulated atmospheric pollutants produced while driving according to homologation cycle (NEDC/ECE-15 UTAC). Homologated range according to NEDC test cycle, for comparison purposes, 106 miles, real world range will vary according to various factors including driving conditions, driving style, temperature and topography but is likely to be between 50 miles (winter conditions) and 78 miles in temperate conditions.

Standard features

BUSINESS

15" SCRIPT wheels

TECHNOLOGY

- 2x15W DAB radio with AUX input, CD, Bluetooth®[†] and USB (Tunepoint) Connectivity
- Trip computer - multi-functional
- Eco Mode function

INTERIOR

- Electrically operated door mirrors
- Electric front windows
- TITANIUM upholstery
- Overhead central light console
- Load area lighting
- Central storage tray between front seats
- Closed glove box (not lockable)
- Dark carbon dashboard with instrument panel with rev-counter / Z.E. specific instrument panel
- Height adjustable steering wheel
- 6 anchorage points in load area (Kangoo Van, Kangoo Z.E. and Kangoo Maxi Crew Van) / 14 load anchorage points

in loading area (Kangoo Maxi Van and Kangoo Maxi Z.E.)

- A4 storage in dashboard
- Manual air conditioning with pollen filter (Kangoo and Kangoo Maxi Business dCi 110 only)
- 12v power socket (front)

EXTERIOR

- 15" SCRIPT wheels / 15" BRIGANTIN wheel trims (Kangoo Z.E. only)
- Dark grey side protection mouldings
- Headlight accent in chrome (black on Z.E.)
- Front and rear dark grey bumpers
- Rear doors - unglazed, 180° asymmetric
- Left side loading door - unglazed (Kangoo Van) / left and right side loading doors - unglazed (Kangoo Maxi Van)
- Roof bar fixings

SAFETY AND SECURITY

- ABS with EBD (Electronic Brake force Distribution)
- Alarm
- Airbag - driver
- Spare wheel / tyre repair system (Crew Van Z.E.)
- Full steel Bulkhead (Not applicable on Kangoo Crew Vans)
- Height-adjustable driver's seat
- Deadlocking**
- R.A.I.D (Renault Anti Intruder Device)
- ESC (Electronic Stability Control) with Hill Start Assist and Grip Xtend⁽¹⁾
- Electronic immobiliser
- Remote central locking (2 button key)
- Front and rear disc brakes*
- 150 Amp alternator**

SPECIFIC Z.E. EQUIPMENT

- Front Z.E. charging socket
- Pre-heating function
- Standard charging cable 16A (IEC 62196 - Type 2 Mennekes) 4m
- Z.E. voice

CREW VAN ADD:

- Second row of 3 passenger seats
- Interior side panel
- Folding passenger rear seat (1/3 - 2/3)
- Unglazed left and right side loading doors
- Unglazed left and right side quarter panel
- Unglazed rear doors - 180° asymmetric

CREW VAN CAB

- Multipositional bulkhead

* For ML19 ENERGY dCi 75 and dCi 90 versions rear drum brakes are fitted as standard. ** Not available on Kangoo Z.E. (1) No Grip Xtend on Kangoo Z.E.

† For compatible devices, please refer to <https://www.renault.co.uk/services/multimedia/bluetooth-compatibility.html>

Standard features

BUSINESS+ (additional equipment to Business)

15" BRIGANTIN wheels

INTERIOR

- Electrically operated and folding door mirrors
- Electric front windows (driver's side 'one-touch' descending)
- Centre console with armrest
- Overhead parcel shelf
- Load area rubber floor covering**
- Manual air conditioning and pollen filter

EXTERIOR

- 15" BRIGANTIN wheel stylers
- Front and rear body coloured bumpers and gloss black wing mirrors
- Rear parking sensors

[^]Payload equals the Maximum Operating Mass (Gross Vehicle Mass or GVW) less the Kerb Mass, Kerb Mass is the weight of the complete vehicle including coolant, oil, a 90% full fuel tank, spare wheel and jack, but excluding driver and crew. All Kerb Masses, and therefore Payloads quoted are subject to manufacturing tolerances and are based on the base level model. Any additional equipment added (options or accessories), or the selection of a higher trim level, can result in a higher Kerb Mass and reduced Payload, and may increase CO₂ and decrease MPG figures.

*Official Fuel consumption figures are produced for comparison purpose and are measured according to the European Directive and Regulation 692/2008. These figures are specific for a vehicle type and not for a single car. Real world fuel (actual) consumption can vary as the fuel efficiency of a vehicle is influenced by driving behaviour, weather and road conditions. The use of technical equipment for example air conditioning, can also effect the fuel consumption. For further information, please visit the Vehicle Certification Agency web site www.vca.gov.uk. For more information on CO₂ banding and Company Car Tax Benefit In Kind go to www.renault.co.uk

[^]Payload equals the Maximum Operating Mass (Gross Vehicle Mass or GVW) less the Kerb Mass, Kerb Mass is the weight of the complete vehicle including coolant, oil, a 90% full fuel tank, spare wheel and jack, but excluding driver and crew. All Kerb Masses, and therefore Payloads quoted are subject to manufacturing tolerances and are based on the base level model. Any additional equipment added (options or accessories), or the selection of a higher trim level, can result in a higher Kerb Mass and reduced Payload, and may increase CO₂ and decrease MPG figures.

*Official Fuel consumption figures are produced for comparison purpose and are measured according to the European Directive and Regulation 692/2008. These figures are specific for a vehicle type and not for a single car. Real world fuel (actual) consumption can vary as the fuel efficiency of a vehicle is influenced by driving behaviour, weather and road conditions. The use of technical equipment for example air conditioning, can also effect the fuel consumption. For further information, please visit the Vehicle Certification Agency web site www.vca.gov.uk. For more information on CO₂ banding and Company Car Tax Benefit In Kind go to www.renault.co.uk

KANGOO

Z.E. - Battery hire

This Kangoo Van Z.E. offering allows you to buy the vehicle and lease the battery, which not only reduces the purchase price, but also gives maximum peace of mind.

Battery performance is guaranteed to at least 75% of its original charge capacity. If not, we'll repair or replace it.

No worries – complete 24/7 roadside assistance, even if you run out of charge.

You enjoy your Z.E. while we keep its heart healthy. It's that easy.

You only pay for what you need – you tell us how many miles you'll do and how long you'd like to keep your Z.E.; we personalise your battery hire monthly payment to your own individual requirements.

If the vehicle is sold to a dealer or another person, the customer simply signs the declaration form to confirm the new owner's details and sends it to Renault finance. Your obligation will cease once the new owner takes over the battery hire agreement.

Kangoo Van Z.E. - Range Overview and Pricing

Battery hire

We believe that the battery hire principle provides the most affordable, reassuring method to own an electric vehicle. As part of the battery hire agreement we provide a guarantee in terms of the battery capacity throughout its motoring life. In addition, we will arrange recovery of your Z.E. vehicle in the event of breakdown or loss of energy. For further advice, visit your local Z.E. Expert Dealer.

Z.E. - Full purchase

In addition to battery lease we also offer the i Range which allows you to buy the vehicle and the battery.

No on-going monthly payments, just one simple payment.

Battery guarantee of 4 years / 100,000 miles, whichever comes first, this includes the battery performance guarantee to at least 66% of its original capacity.

No mileage limit in the battery contract.

Roadside assistance, breakdown only.

Kangoo i Van Z.E. - Range Overview and Pricing

Battery purchase

In addition to Kangoo (battery hire) we also offer Kangoo i which allows you to buy the vehicle and the battery.

*The Kangoo Z.E is homologated to 106 miles according to the NEDC (New European Driving Cycle). The NEDC can best be compared to the combined mpg figure for petrol and diesel cars. This range is a comparative indication of range measured under very specific conditions (described below). Exactly as with petrol and diesel cars, when driven under real conditions, this range will vary according to speed, driving style, the terrain of the road and the use of air conditioning / heating. If the vehicle is driven in temperate conditions then the range could more realistically be approximated to 78 miles for an average suburban trip. If the vehicle is driven in extreme winter conditions then the range could more realistically be approximated to 50 miles for an average suburban trip. NEDC (New European Driving Cycle) is a standard European measurement of emissions and consumption based on a rolling road test. It is the same standard for petrol and diesel engines as it is for electric cars. It is an objective way to measure the performance gaps between competition models. The car is on a rolling road, undertaking the same urban cycle (ECE-15 cycle) three times, then the extra-urban cycle once. The average of these 4 cycles decides the NEDC range. *Payload equals the Maximum Operating Mass (Gross Vehicle Mass or GVW) less the Kerb Mass. Kerb Mass is the weight of the complete vehicle including coolant, oil, a 90% full fuel tank, spare wheel and jack, but excluding driver and crew. All Kerb Masses, and therefore Payloads quoted are subject to manufacturing tolerances and are based on the base level model. Any additional equipment added (options or accessories), or the selection of a higher trim level, can result in a higher Kerb Mass and reduced Payload, and may increase CO₂ and decrease MPG figures. **PIVG - Plug-in Van Grant.** - In order to help reduce carbon emissions in the UK, the Government has launched the Plug in Van Grant (PIVG) scheme which is intended to run from April 2015. The scheme will be managed by OLEV (Office for Low Emission Vehicles) who are a cross Government team within the Department for Transport. This scheme provides a grant of 20%, up to a maximum value of £8,000, towards the cost of a new ultra-low carbon van, which is provided to a consumer at the point of purchase. The grant is applied to the Total Retail Price which includes the basic price and the VAT (this excludes the delivery charge, first registration and any optional extras).

Accessories

Roof rack

Version available for each size of van, carries up to 80kg and easy to use design – side bars for tying down, no front cross bar.

Standard roof bars

Steel bars finished in black PVC, carries up to 80kg load and designed specifically for and by Renault.

Rear Window Protection Grilles

Protects the vehicle from break-ins through the rear windows / doors whilst allowing visibility.

Towbar

Renault goes above and beyond even the strictest European standards (CE 94/20), thanks to further testing, Renault have also made sure that your vehicle won't be damaged, even with intensive commercial towbar use. Renault also take the most demanding climatic conditions into account by applying an anti-corrosion surface treatment.

Ply lining

Protect the interior of your new Kangoo with our hardwearing, bespoke ply lining. The price includes fitting by Renault. Our lining kits are fitted without any alteration/drilling to the vehicle structure, ensuring that the paint and anti corrosion warranties remain intact.

Rear Body Coloured Parking Sensors

Allows you to park with confidence. Not compatible with factory fit rear parking sensors

Service Plan 4 years / 66,000 miles [†]	513.00	£616.00

[‡] Manufacturer's Recommended Retail Price (1) Not available on Kangoo Maxi or Kangoo Maxi Z.E. (2) Not compatible with factory fit rear parking sensors (3) Not available on Kangoo Z.E. versions † The Service plan offer is available at participating dealers only. Vehicle must be ordered between 1st January 2016 and 31st December 2016 and registered in 2016. The Renault Service Plan covers the manufacturer's minimum maintenance programme requirements for the term of the plan purchased (refer to the Warranty and Service sheet in the Handover Document wallet for details). The plan ends when you reach the age or mileage limit (whichever comes first). Services must be carried out in line with the manufacturer's minimum maintenance programme requirements and servicing intervals within +/- 1 month or 1,000 miles of the service interval and can only be carried out at a Renault Approved outlet. Service plans do not cover wear and tear items such as (but not limited to) tyres, wiper blades or brakes. To qualify you must order and purchase the Service plan from a Renault Approved outlet before the first service or within the first 12 months (whichever comes first). Cannot be part exchanged, refunded or transferred. For service plan terms and conditions visit www.renault.co.uk/serviceplan

Renault Pro+, the expert brand

Renault has been part of the light commercial vehicles (LCV) market for over a century, providing our commercial customers with versatile and innovative solutions in both our products and services. This is one of the reasons our customers have chosen us as Europe's number one each year since 1998, in addition to being on the podium in numerous countries worldwide, from North Africa to Latin America.

We have taken over a century's worth of experience in the LCV market along with learnings from our strong customer relationships and created Renault Pro+, an expert brand dedicated to both our loyal and new light commercial vehicle customers alike. Encompassing our award winning products, services and commitments, Renault Pro+ builds on a strong foundation to inspire further creative innovations. This allows us to offer our customers a tailored approach including bespoke solutions to suit all their needs. Our customers deserve a high quality experience and as professionals we strive to understand each other.

The specialised Renault Pro+ network

Within the Renault network, certain sales outlets are Renault Pro+ specialists. They meet specific commitments.

Specialists at your service

- A Commercial Vehicles specialised salesperson
- A dedicated After-Sales Advisor
- A reception area reserved for business customers

Decisions made easier

- Presentation of a comprehensive range of Commercial Vehicles
- Test drives without an appointment
- Quotations within 48 hours, including for converted vehicles

Your mobility guaranteed

- Extended workshop times*
- Servicing within 8 hours without an appointment*
- Diagnosis within the hour*
- Van for van replacement vehicle

Renault Services

4 years warranty and Renault Assistance

Your vehicle is covered by a warranty package for up to 4 years / 100,000 miles (whichever comes first). The first 2 years are unlimited mileage, followed by a further 2 years up to 100,000 miles. Your dealer is able to repair or replace, without charge, parts that are found to have a material or assembly defect that is recognised by Renault. The paintwork warranty runs for a period of 3 years and the anti-corrosion warranty for a period of 12 years.

Should you need it, we'll provide emergency roadside repairs or tow you to the nearest Renault dealer.

This service is available 24 hours a day, every day of the year. Renault Assistance Cover, provided from months 0 to 48, includes: assistance at the roadside and home, as well as national recovery. Onward travel with European cover from months 0 to 36 only. Cover includes mechanical or electrical defects covered by the warranty.

Servicing options*

A Renault Service plan allows you to budget for the future cost of your routine servicing. It really is the hassle-free way to take care of your Renault. There are many benefits to a Renault Service plan.

- Inflation-proof servicing - You know exactly what you'll pay and there are no hidden costs
- Full peace of mind - No matter where life takes you, we'll be there
- Renault expertise - Our highly trained technicians know your Renault inside out

We have a range of service plans to meet the needs of practically all of our customers'. Speak to your Renault dealer for more information on these plans.

Service Intervals

Kangoo Diesel Service: 2 years / 24,000 miles

Kangoo Z.E. Service: Year 1 / 12,000 miles, Year 2 / 24,000 miles and then every 2 years / 24,000 miles thereafter

Renault Network Services

No-one is better placed than Renault to maintain, fit and repair your Renault, fast. The Renault Minute (maintenance and repair with no appointment necessary) and Renault Rapide Bodycare (bumper scuffs, dings and dents, windscreen, stone chips and interior repairs...) services deliver the highest level of repair and maintenance and offer a full year's guarantee on Original Renault Parts. And don't forget to have a look at our wide range of additional equipment and accessories!

Finance options**

There are a wide variety of ways in which the purchase of a new vehicle can be financed. Renault Finance offers all of them, so whether you're a fleet buyer or private buyer, Renault Finance is ideally placed to tell you which plan or combination of plans best suits your needs and circumstances.

Renault iCare

Renault iCare is an innovative Service, Maintenance & Repair product that supplies Business customers with a fully supported, managed hassle free service and maintenance package.

Renault iCare is a "Pay-As-You-Go" product that insures your vehicle is maintained by Renault technical experts when work is required.

iCare provides the following benefits:

- Full Service, Maintenance & Repair cover in the Renault Dealer Network
 - Tyres can be included within the contract at an additional fixed cost
 - Ancillary equipment can also be included (at an additional fixed monthly cost)
 - Excludes: Damage/Neglect/Abuse/Glass & Bulbs
- A fixed, pre agreed pence per mile rate
- No excess mileage charges at the end of the contract
- No pooled mileage administration
- Minimalise downtime

For more information and to obtain a quote based on your requirements, please speak to your local Renault Business dealer or visit www.renault.co.uk/icare

Customer relations

Renault knows the value of communicating with its customers and we have established effective ways to keep in touch with you. If, after speaking to your local Renault dealership, you are not completely satisfied, please contact the Renault UK Customer Relations Department on 0344 3350000* (Mon-Fri 9.00am to 5.30pm, except Weds 10.00am to 5.30pm. Closed on Bank Holidays). You can also visit our website www.renault.co.uk Or write to us at: Renault UK Ltd, The Rivers Office Park, Denham Way, Maple Cross, Rickmansworth, Hertfordshire, WD3 9YS.
